

Garland Bass Club Newsletter
Lake Quitman
May 15, 2021

Lake Tawakoni was a pretty good outing according to the weight results on Sunday. Well, let me take that back. It was a decent outing for the top four fishermen. Kent (as usual) came in first with almost 24 pounds, Eddie, James (a new dark horse) and Reggie, all had over 12 pounds. The rest of the club had a difficult time finding fish. And half of the club had only one fish for the two day tournament! Tough fishing for my book. With Tawakoni in the book and behind us, it's time to move through the toughest time of the year for catching bass. For that reason the club has chosen a new body of water for a one day outing. Lake Quitman has been chosen for our next outing and it is a Saturday one day only tournament. Not too far from Lake Fork, one can drive to the lake Saturday morning and be home in time to mow the yard. Quitman is an older Wood county lake and has produced some good fish in the past. It will be interesting to see how the club does on this small lake with no proven hot spots for the members.

There will be a meeting this coming Monday evening {May 10th) at 7:00pm at the VFW as we have been meeting there for the last few years. As president, Mr. Riddle will be in charge. Eddie Rickman is in charge of the tournament and can be reached at 214-929-9078.

Start and weigh-in times are listed on our web site at www.garlandbassclub.com, as are the schedule and other bits of interesting data. Remember that the web site is the official word

*and documents for the club! Everybody stay safe, stay warm,
and be happy! And good luck fishing!*

Everyone love each other and I'll leave the light on for ya!!
