

GBC Newsletter January 2021

Well—So long to 2020 and Hello 2021 As you can see the computer is fixed (finally --- after 4 hours with a Microsoft engineer) Or at least I hope it is fixed! I had to Apologize to the tournament committee for not responding to their request for input. I never knew meetings were being conducted and lakes were being scheduled due to not having a computer that was working properly! My bad!! I just wish I could get my late charges back on my overdue bills because I never saw the due notices! I never knew how much I used the computer and depended on it to keep me in today's world!

Joe de Leon was placed into the hospital with a severe case of Covid-19 a few weeks back. He spent three weeks in the hospital. He is home now recovering with Ruth's help. His condition is improving with the doctors guidance and medicines. Welcome back Joe!

The executive committee of the Garland Bass club has voted to raise the membership dues to be a member of the club to \$100.00 per year. This is due to the small membership and the ability to pay the bills. So bring your check book to your first meeting or give your check to an officer before you start fishing. Membership forms will be available at the meeting and can also be downloaded from our web site. . Bylaws, lake schedule, and our constitution are located on this web site (Thx to Jerry for keeping it current). The schedule, with start times and weigh-in times are located within this web site. Your membership must be paid before you fish.

As of this date, the VFW is open and we have been given permission to have our meetings there again. Bring your masks. The VFW has food again as they did last year, so you can get a bite to eat if momma won't cook for you!

There will be our first meeting this coming January 11th at 7:00pm at the VFW. (Yes----Gary. This coming Monday evening.) Door prizes will be available for Marvin and Stan. (actually for everybody who buys enough tickets) Last year's budget and expenses came out fairly even with the club owing me \$4.00 dollars. Thanks to Stan and the members buying a lot of tickets I have been paid!

Fishing is the safest outing one can do in these times. You do not come into contact with anyone on the lake and even your partner is 6 feet away!

I hope this newsletter finds everyone healthy and happy. A friend once told me, "There are many things to think about, but few things to actually worry about!" Let's have a great year fishing, a safe year with lots of fish catching! Love one another and I'll leave the light on for you!

Uncle Butch
