

Garland Bass Club Newsletter
Lake Cypris Springs
August , 2021

Bob Sandlin has always been one of our favorite lakes to fish. Along with Lake o' Pines, both lakes are great night time fishing lakes. Bob Sandlin use to be a great spawn fishing lake in it's day. Due to its location, Bob Sandlin gets a lot more pressure and is smaller than LoP. Top three fishermen at LoP averaged 31 lbs each. Top three fishermen at Bob Sandlin averaged 21 lbs each. No limits were brought in at Bob Sandlin while three both nights limits were weighed in at LoP. Some nights are better than others, depending on many factors.

Our next outing will be on lake Cypress springs as a one night tournament. We have fished Cypress Springs a few years back with difficult results. Certain members have had some pretty good stringers while other members didn't do so well. The water is warm. One major thing to be aware of is the lake police who do work at night. Last time I fished Cypress the lake police checked my boat, lights, vest, and alcohol. There are humps down lake and plenty of vegetation at the upper end. Lots of new boat houses have been built since we fished it last.

One of the great things about this tournament is you don't need a motel room. You can drive down Saturday, fish the lake from 8pm till 8AM on Sunday and come home after weigh-in.

(Hopefully not to a list of honey-dos while you are trying to get some rest after being up all night)

Note: Next month you will need a new license.

Note #2 The poker party is up to Big Rex as to how many people are coming and if everyone has their Covid shots. If a member

does not have their shots, then an invitation to the game will not be extended. We need a head count of the people who plan to come and any member who does not have their shots completed. The original date was set for Aug. 28th but now depends on how many members are coming and if everyone has their shots completed. Text Rex on your plans to come and your shot status. Rex doesn't want to get anybody sick from Covid. Getting your shots is a personal choice. But Rex wants to make sure we are being as safe as we possibly can. As our age and physical conditions weigh in heavily on whether we will be around to enjoy the club and fishing with your friends for another year!

We have a meeting coming up this Monday (16th Aug) at 7:00pm at the VFW as in the past year or so. It's air conditioned, Food, Plenty of cold drinks, and a nice looking bar maid! Come on out---your friends would like to see and visit with you!

Yes Gary ---even you.

Remember that the web site is the official word and documents for the club! { www.garlandbassclub.com } Everybody stay safe, stay cool, and be happy!

Everyone love each other and I'll leave the light on for ya!!
